

## **MARYSVILLE COMMUNITY GOLF & BOWLS CLUB – JUNE 2018 NEWSLETTER**

The weather has finally turned to winter and we congratulate the hardy souls persisting with their regular golf and the course maintenance team's efforts.

Well done to the ladies pennant team with their success in an exciting final win over Alexandra at Lancefield. The ladies are to be commended for their consistent support of all the Dalhousie events.

The Terracotta restaurant team are taking their holidays in July; so the restaurant will not be open during that period, we wish Chris, Barbara and their team a well-earned break.

The garden volunteers have been busy placing mulch over several of the garden beds with great results and some new planting was carried out during autumn, more will follow in spring.

The AGM will be held on Saturday 15<sup>th</sup> September at 9:00AM at the club rooms. Notices and nomination forms for committee positions will be circulated in July. Please note the date in your diaries.

Triangle resident members will be aware of a number of community forums being held to discuss the upcoming 10<sup>th</sup> anniversary of Black Saturday. Whilst the club has not been directly involved in these discussions to date, the committee are wishing to look at appropriate ways to thank and acknowledge all those individuals and organisations that assisted in the recovery. Please contact a committee member if you have any thoughts or comments regarding this important response.

A dinner evening was held on the 15<sup>th</sup> June 2018 at Terracotta to thank the club's tee sponsors and supporters and provide an opportunity to catch up; we will continue to acknowledge their support at every opportunity. Sponsor logos are on the various tees and on display in the club house.

The annual membership subscription fees renewals will be issued shortly, increases have been kept to a minimum again. We thank everyone for their support of their club, especially those with their generous commitment of time by the volunteers, committee members and office holders.

The committee continue to review options to gradually upgrade the ageing mower fleet, a report is expected in July/August. Some funds are held in the garden and equipment replacement accounts. Equipment stolen in late December has been replaced (part insurance recovery). A secure store has been built for the new equipment.

For those of us lucky enough to enjoy the course and facilities during the lengthy autumn period, how fortunate were we? The course was terrific, well done Kellan and the volunteer teams.

Best regards,

MCG&BC Committee
